

Version Patch 2026.1.1 (1st patch of January 2026)

Changes between [2026.1.0](#) and [2026.1.1](#)

iHorizon bot profile customization commands

`/custom name:`

- New prefix command aliases: `setname`, `setbotavatar`
- Command name changed from **name** to **botname**

`/custom avatar:`

- New prefix command aliases: `setpic`, `setbotavatar`, `setpp`

`/custom banner:`

- New prefix command aliases: `setbanner`, `setbotbanner`
- Command name changed from **bot-banner** to **botbanner**

`/custom bio:`

- New prefix command aliases: `setbio`, `setbotbio`
- Command name changed from **bio** to **botbio**

Economy system

- Added logs for `rob`, `pay`, `withdraw`, `set-money`, `set-boost`, `role add`, `role delete`, etc., in a dedicated category called **"Economy Logs"**
- Fixed a bug encountered in the `/economy pay` command
- Added the `bal` alias to the balance command
- Added the `/economy ureset` and `/economy greset` commands

Ticket system

- Increased the collector duration of the `/ticket panel` command from 20 minutes to 200 minutes

Temporary voice system

- From now on, when someone claims or transfers a voice channel, the channel is correctly renamed according to the previously defined settings

Counter system

- New module with new commands: `/counter channel` and `/counter config`

Warning system

- When a moderator warns a member, the member now receives a private message with the reason and related details

Fix of a MAJOR security vulnerability

- The security flaw in the owner commands has now been patched.
We sincerely apologize for the inconvenience caused.
